Summary

I am a front-end web developer with 4 years of working experience
in fields like sales, accounting and management. I combine my
management expertise with technical skills and fully commit to
consistency, meeting deadlines, and utilizing all available resources
to achieve results.

I enjoy creating beautiful, accessible, and responsive websites using
React.js, Vue.js, Vanilla JavaScript ES6+, Tailwind, Sass, CSS, and
HTML.

Effective use of time, problem-solving, and communication skills help
me show a positive attitude in complex situations, and my desire to
learn quickly adapts me to changing situations.
